

Family Counselling

Converge can also support members of your immediate family, offering advice across personal and lifestyle issues.

Family Counselling is provided independently to your organisation.

Our consultants focus on providing you and your immediate family with tips, skills and strategies so that you can address your concerns and get back to being successful, productive, happy and healthy in life and at work.

Our Family Counselling consultants can help provide your family members with the skills to:

- build stronger, more supportive relationships to positively and proactively address disagreements before they lead to open conflict
- discover tips and strategies to better balance the demands of work and life
- access support and advice around parenting and managing the needs of children, teenagers and young adults.

Your Family Counselling is:

- **A free, confidential service**
- **Available to all employees and their immediate family members anytime, anywhere**

Details of your discussion will not be shared with your manager or workplace. You can read our Privacy Policy on our website.
